

What to do with Unused Medicine?

Keeping unused or expired prescription medicines in your home can be dangerous. Drop them off for safe disposal during

National Prescription Drug Take-Back Day on April 27, 2019.

Every day 78 people in the U.S. die from an opioid overdose, and many more become addicted. Prevent prescription drugs from getting into the wrong hands! Rid your home of unwanted/unused prescriptions this weekend as part of National Drug Take-Back Day.

Visit www.dea.gov for more info.
